As I reflect on the past year, I'd like to express my **heartfelt gratitude to our loyal advertisers, contributors and readers** for your unwavering support. Your commitment to the publication has been nothing short of inspirational, and I'm honored to be a part of such a wonderful community. Thank you for joining me on our dance journey together!

As we ring in the New Year, let's vow to prioritize fun, connection, and self-expression. I do plan to take more dance lessons and refresh my skills, to attend more socials, and hopefully to make new friends out on the dance floor! In all sincerity, the dance community has been one of the most welcoming, friendly, fun and inclusive groups of individuals I've ever met.

Whether you're an instructor, a dance studio, a business owner or you have a great story to share, please reach out to me with your ideas, suggestions and contributions at [info@TheDanceCalendar.com](mailto:info@TheDanceCalendar.com). Advertising opportunities are available at reasonable rates so please inquire for a 2024 rate card.

Prior to attending an event in the publication, please call the advertisers ahead to confirm. Sometimes events are canceled, rescheduled or mistakes may appear. The Dance Calendar makes every effort to provide accurate information.

I hope that the holiday season brings you joy, peace, and all the good things you deserve.

Have a Happy New Year of dancing! - Loren

## The History of Waltz

By Richard Fiore

(Licentiate, (LAB, LAR, T) Imperial Society of Teachers of Dancing)

Email Richard at: [rf1111@yahoo.com](mailto:rf1111@yahoo.com)

Waltz is an elegant and stylish ballroom dance that has been enjoyed for many years in ballrooms worldwide. Its name is from the German word 'Walzen' which means to glide and turn. Precise body movements and smooth rise and fall action are its hallmark. A well performed waltz is aesthetically pleasing. It conveys a passionate theme as two partners travel on the dance floor with gracefully gliding movements that are brilliantly synchronized to the music.

In the 13th century a dance similar to a folk dance of the time came into being that was danced by peasants in Germany. It was characterized by quick turns, rolls and glides. This developed into a type of folk dance that was quite different from the then popular court dances. It maintained popularity well into the 15th century and quickly spread through Europe by the 16th century. This dance continued to evolve through the years. It was credited as a major influence from which the waltz was derived.

The waltz that we know today originated in Vienna Austria in the early 1800's as a very fast tempo country folk dance. It then gained popularity in France and soon after, it spread throughout European ballrooms. It was introduced into the United States in 1834 and continues to maintain its popularity today. Initially it was a fast-paced dance that traveled along the dance floor with a lot of turns similar to the Viennese Waltz that we know today. It later evolved and was danced to slower tempo music with less turning. The music adapted for waltz is written in 3/4 timing, having three beats to each measure of music. By the 19th and early 20th century, various forms of waltz became well established. Most were danced to 3/4 timing; however, a 6/8 time signature was not uncommon for the faster paced Viennese Waltz. Today, social waltz also known as slow waltz is a smooth, progressive dance typically danced to music with a tempo in the range of 30 to 32 measures per minute.

Waltz is a progressive dance that travels around the dance floor. It is characterized by its graceful rise and fall pendulum movements, body sway and contra body movements. There are many styles of waltz such as the Hesitation Waltz, Country Western Waltz, as well as International and American Waltz. Most of the figures are danced in a one step to one beat of music relationship. The two main styles of waltz that are most commonly danced today are International and American. Both are danced socially and have been codified into syllabi that give an underlying structure and standardization to these styles.

Waltz spread to the US from England and was originally known as English Waltz. This style became very popular in the 1950s and 1960s. Around the same time it became known

as International Waltz. A major characteristic of International Waltz is that the dance frame remains closed in this style. Waltz is one of the five dances in the International Standard syllabus. International waltz has greatly influenced the American style waltz from a techniques perspective.

The American Waltz was originally known as the Boston Waltz. It was first introduced in Boston Massachusetts by Lorenzo Papatino in 1834. He danced a much slower three step per measure waltz as compared to other waltzes of that time. The American waltz differs from International Waltz in that the partners can break contact and open the dance frame from the normal closed hold in this style. For example, the man may open the hold to lead his partner to dance an underarm turn. Another example is the figure 'Shadow Turns' in which the man leads the lady to a Right Shadow dance position. In this dance position the lady is to the man's right and slightly in front of him facing in the same direction. The partners then dance a series of turns together from the shadow position and then return to the closed dance position.

Waltz has maintained its popularity throughout the years. Dancers with polished techniques can gracefully glide across the ballroom dance floor in perfect time with the music. The waltz is most characterized by its distinct and graceful rise and fall as well as a gentle sway action of the upper body around turns. The development of good waltz techniques is a work in progress. It is an exciting pursuit to continually cultivate the fine movements of this dance.

## Stay Out of The Error Zone

By Michael Ditkoff

Email Michael at: [tangomaniac@optimum.net](mailto:tangomaniac@optimum.net)

Michael Ditkoff has taken ten years of private ballroom, latin, swing and hustle lessons; eight years of private Argentine Tango, Waltz and Milonga lessons; three years of Embodied Yoga to improve his frame, and six months of Alexander Technique to improve his posture. He was also a dance host on three cruise ships.

I see a lot of couples dancing Argentine tango with the follower's left armpit wedged into the leader's right armpit. I call this the error zone.

This is just about the worst alignment a couple can dance Argentine Tango. I don't know if this is taught, or bad habits never corrected. This makes good leading impossible. (April-June 2020 issues.)

When you press the brake pedal to stop a car, brake pads push against the drum creating a lot of friction and heat. The friction causes the drum and wheels to stop turning. The same thing happens when the armpits are wedged against each other. Friction makes it difficult for followers to rotate their shoulders. The biomechanics of a pivot is the leader rotates the follower's shoulders. The hips follow the direction of the shoulders. The support foot pivots in the direction of the hips.

You can't pivot without turning your hips. Some followers try to turn their support foot first, with disastrous results.

Slightly below the waist are two diagonal lines. These are hip creases, like a crease in a pair of pants. Each leg is attached to the body at the crease. When the hips turn, the free leg will also turn IF the knees are slightly bent.

When the woman is wedged into the armpit, the shoulders, hips, and foot don't turn much, so there isn't much of a boleo. However, some women use my left hand as a wall to push themselves through the boleo because they can't rotate. After the boleo, they pull on my hand to reverse direction. I have arthritis (not bragging) so I can't take any pressure. I let my hand go limp when pushed. The "wall" collapses and the follower is off her balance. Leaders aren't responsible to keep their partners on balance, but are responsible to NOT knock them off their balance.

Not only has Joe, my teacher, taught not to let followers push me around, my orthopedist said the same thing. He's not a dancer, but he has seen my X-rays.

--More next month--

Happy New Year and that it be filled with great dancing. Stay out of the Error Zone.

## Stardust Dance Welcomes New Owner Edgar Osorio!

"To say this feels like an exciting opportunity is nothing short of an understatement," said Edgar Osorio, the newest owner of the legendary Stardust Dance Productions LTD. Edgar Osorio is a Professional World Class Ballroom and Latin Dancer in American Smooth, American Rhythm, Latin, and Argentine Tango.

Edgar is honored to be working with Linda Gilberg at transitioning into the CEO role, and to add new excitement to Stardust events. He has begun to build strong business relationships, to continue his vision to provide an exceptional dance experience. Edgar not only dances with finesse, but is a well respected choreographer, teacher, coach, performer and dance judge. Throughout his career, Edgar has had the privilege of being the Pro/Am partner of numerous successful students.

In addition to his remarkable dance expertise, Edgar is the Owner, CEO, and founder of the prestigious OSORIO DanceSport Studio

located in the exquisite ballroom of the Hurleyville Performance Art Centre in Hurleyville, NY. His journey in the world of dance began at the age of 14, immersing himself in various disciplines such as Mexican Folk Dance, Jazz, Ballet, Modern Dance, and even Martial Arts. His passion for dance led him to explore different avenues, including participating in TV commercials and theatre art productions.

Edgar's dedication to his craft took him to Buenos Aires, Argentina, studying the art of Argentine Tango under the guidance of the legendary Carlos Gavito and Marcella Durán. Inspired by his experiences, Edgar moved to New York to devote his life to dance. He spent 13 years working at the renowned Fred Astaire Dance Studios, honing his skills and expanding his knowledge of the business.

Throughout his remarkable career, Edgar holds multiple titles as a champion in the Rising Star and open professional, and a finalist in the U.S. Nationals in American Rhythm competition. In 2010, he secured first place in the professional National USDCS, United States Dance Championship, U.S. Mambo Championship, and the World Salsa Championship. A true passion for dance has led Edgar all over the world, participating in many Professional and Pro/Am competitions. He has traveled to many countries, including Greece, Italy, Costa Rica, Mexico, Spain, New Zealand, Croatia, Dubrovnik, Hawaii, and Vienna, Austria. Additionally, he has performed in Blackpool, London, and all across the United States.

Edgar's outstanding performances, artistic creativity, and charismatic personality have propelled him to great success in the field of ballroom dancing. Furthermore, his talents have extended beyond the dance floor. In 2011, Edgar showcased his choreography skills in the movie "MUSICAL CHAIRS" directed by Susan Seidelman. Notably, he collaborated with professional dancers, as well as wheelchair dancers, showcasing his versatility and inclusivity.

Edgar's infectious happiness and love for dance shine through in every step he takes. His remarkable talent, dedication, and vibrant personality make him a true force to be reckoned with in the world of dance. As the new owner of the popular Stardust Dance Productions Ltd., Edgar is excited to embark on this new adventure with the dance community!

# The dance CALENDAR

## Connecting the Dance Community

For over 15 years, The Dance Calendar has been regarded as the go-to source for finding dance events and instruction. Our mission is to bring the dance community together and to promote weekly and monthly dance events of all styles! Please contact the advertisers listed in our publication, website, and Facebook group prior to attending their events. Errors or cancellations in listings may occur.
